#### **PLEDGE OF ALLEGIANCE:**

**PUBLIC COMMENT:** Gerry Hemmingsen, Supervisor for District 4 of the Del Norte County Board of Supervisors, addressed the Board and expressed support for Fashion Blacksmith as an essential service provider in the Harbor. Supervisor Hemmingsen encouraged the Board to expand its recruitment process for a new Harbormaster. President Stone addressed the concerns expressed by Supervisor Hemmingsen, and assured him that the Board had just recently renewed its lease agreement with Fashion Blacksmith. With regard to the Harbormaster position, President Stone explained that the Board intended to give serious consideration to promoting Tim Petrick into the position.

Another individual, identifying herself as Annie, provided public comment and described her experience as a CCHD marina tenant. Annie suggested that security gates would be helpful to

alleviate the threat from trespassers on vessels. President Stone pledged to consider the issue at an upcoming meeting.

Melodee Mitchell, Executive Director of the Del Norte Child Care Council, addressed the Board and expressed support for the music event being planned by Michael Schmidt for the 4<sup>th</sup> of July holiday.

Roger Gitlin addressed the Board and expressed concern over the use of funds provided to the Harbor from the Del Norte County Transient Occupancy Tax ("TOT"). He also expressed concern over the cost of the solar power project that was recently completed. President Stone responded by explaining that the TOT was only used for specific purposes authorized by a voter ballot initiative. The first purpose was to repay a loan with the USDA that was incurred as a result of the 2011 tsunami that damaged the Harbor. The second purpose was to fund maintenance projects throughout the Harbor, as designated by the Board. With regard to the solar project, President Stone explained that the project was completely funded by outside investment. The Harbor realized a savings on energy cost without having to make any capital investment and without having to perform any ongoing maintenance.

Ted Long, owner of Fashion Blacksmith, addressed the Board and explained that his company had invested over \$98,000 to refurbish a syncrolift and transfer dock in 2020. In addition to that expenditure, regular maintenance averages between \$60,000 and \$80,000 per year. Mr. Long expressed his dissatisfaction that Fashion Blacksmith had not been granted financial relief during the COVID-19 pandemic and that the Harbor does not have a dredge permit.

Upon finding there were no further members of the public who desired to comment, President Stone moved the discussion to the next agenda item.

#### 1) CONSENT CALENDAR

#### (1A) Approval of the Warrant List from May 14, 2021 through May 27, 2021.

Commissioner White **moved** to approve the warrant list. Commissioner Shepherd **seconded** the motion. President Stone then opened up public comment on the agenda item. No members of the public commented on the agenda item. President Stone then moved the discussion back to the Board.

**POLLED VOTE** was called, **MOTION CARRIED**. *Ayes:* ADAMS, WHITE, SHEPHERD, WEBER, STONE / *Nays:* NONE *Absent:* NONE / *Abstain:* NONE

#### 2) NEW BUSINESS

**(2A)** *Presentation by Lynnette Braillard on behalf of the Crescent City Chamber of Commerce. Presentation of Visit Del Norte County's Annual Marketing Update for April 2020 through April 2021.* 

Lynnette Braillard addressed the Board and explained that over the past year, 7.2 million digital impressions had been made on the website <u>https://visitdelnortecounty.com/</u>. Ms. Braillard then

explained other promotional efforts, including: email campaigns, print media, search engine optimization, and subscriber newsletters. Marketing success was being measured using several key performance indicators (KPIs), including: lodging tax collection, sales tax collection, website traffic, social media impressions, information requests, and visitor center traffic. KPIs had indicated very exciting success. For example, over the past fiscal year (ending April 2021), there had been a 900% increase in web search impressions. Additionally, the click-through rate had been 3.2%, which was over three times the travel industry average of 0.9%. Approximately 26,000 people clicked-through to request visitor information. Lodging tax collection was up 44%.

# (2B) Review and vote to approve music event hosted by House of Jambalaya owner Mike Schmidt. Mr. Schmidt has submitted an application to plan and host a music event on Whaler Island for Friday July 2<sup>nd</sup>.

Interim CEO/Harbormaster Tim Petrick explained plans were underway for a live music event that would include a stage and musical acts on Whaler Island. Mr. Schmidt submitted an application for a permit to organize the event. President Stone noted that he had appointed Commissioners Adams and Weber to an ad hoc committee in order to work with Mr. Schmidt to plan the event. Commissioner Shepherd expressed concern that the location of the event might pose crowd control problems around the boat launch area, which would typically be very busy with sport fisherman that time of year. Commissioner Adams echoed Commissioner Shepherd's concerns, and suggested an alternate date might need to be identified. Commissioner White requested that any permit the Harbor might issue should include a requirement that the Harbor was not to bear any additional expense as a result of the event. Commissioner White then **moved** to table the agenda item. Commissioner Adams **seconded** the motion. President Stone then opened up public comment on the agenda item. No members of the public commented on the agenda item. President Stone then moved the discussion to the next agenda item.

## (2C) Presentation of the updated Crescent City Harbor District Bylaws to the Board of Harbor Commissioners for review and approval. Move to accept Counsel's Amendments to the Bylaws which are included in the background for this agenda item.

Commissioner White clarified that section 6.3 contained a typographical error. Commissioner White focused attention on a portion of section 6.3 that was in bold text. Commissioner White then noted that the Board had previously voted to delete the first portion of the bold text, while leaving the remaining bold text as follows: *"Furthermore, the Board recognizes and affirms the right of individual Commissioners to consult directly and confidentially with the General Counsel on District related matters as they deem appropriate. Prudence should be used when exercising this privilege, and the subject matter of all consultations must be limited to official District business." Commissioner Shepherd moved to approve the Bylaws with the correction noted by Commissioner White. Commissioner Adams seconded the motion. President Stone then opened up public comment on the agenda item. No members of the public commented on the agenda item. President Stone then moved the discussion back to the Board.* 

## POLLED VOTE was called, MOTION CARRIED.

*Ayes:* WHITE, ADAMS, WEBER, SHEPHERD, STONE / *Nays:* NONE *Absent:* NONE / *Abstain:* NONE

(2D) Discussion of resuming in-person meetings of the Board of Harbor Commissioners. Review State and County rules regarding in-person meetings for the current Covid-19 threat level.

President Stone noted that the vaccination rate for Del Norte County remained below 50%. Interim CEO/Harbormaster Tim Petrick added that indoor meetings were restricted to 25% capacity until the County declared a yellow COVID-19 threat level. This would limit attendance at Board meetings to 16 persons in the Harbor's largest meeting room. Mr. Petrick endorsed the idea of holding "hybrid" meetings in which both an in-person gathering and Zoom teleconference were used simultaneously. The Board expressed a consensus opinion that a hybrid meeting format should be used. President Stone then opened up public comment on the agenda item. An individual identifying herself as Annie addressed the Board and supported a hybrid meeting format. Upon finding there were no further members of the public who desired to comment, President Stone moved the meeting to the next agenda item.

#### 3) UNFINISHED BUSINESS

#### (3A) Solar PPA Update.

Alex Lemus (CEO, Renewable Energy Capital) explained that he was working with Pacific Power to make some adjustments to the way Pacific Power was crediting solar power generation. The goal was to closely match generation with corresponding demand on each meter. Commissioner White asked for clarification on how much the Harbor would be saving per kilowatt-hour as a result of the solar installation. Alex Lemus replied that the net savings would be in the range of 1.0 cent to 2.5 cents per kilowatt-hour, depending upon the meter being evaluated. The net savings could be calculated by taking the REC base rate of 14.5 cents/kWh specified in the agreement between REC and the Harbor District, then subtracting 1.5 cents/kWh because of an SLA credit, which yielded a net rate of 13.0 cents/kWh. This rate could then be compared to what Pacific Power was historically charging the Harbor in the range of 14.0 to 15.5 cents/kWh, depending upon the meter being evaluated. President Stone then opened up public comment on the agenda item. No members of the public commented on the agenda item. President Stone then moved the discussion to the next agenda item.

## 4) COMMUNICATIONS AND REPORTS

## (4A) Financial Reports: Account Balances, Profits & Losses, Accounts Receivable

Interim CEO/Harbormaster Tim Petrick explained that the Harbor was taking collection action against marina tenants. Currently, the Harbor was finding most tenants were responding to demand letters and making installment payments. President Stone then opened up public

comment on the agenda item. No members of the public commented on the agenda item. President Stone then moved the discussion to the next agenda item.

# (4B) CEO/Harbormaster Report

Interim CEO/Harbormaster Tim Petrick reviewed briefing materials provided to the Board. Mr. Petrick noted that Marinesync was mostly operational. Marinesync readings would be validated by comparing them to separately collected analog readings. Mr. Petrick reported on meetings with RHS concerning the Farmer's Market. Excitement levels were high, and attractive Farmer's Market banners had been designed for display, with the Harbor logo prominently displayed. Turning the discussion to the RFP for landscaping, Mr. Petrick noted that the bid period was set to end on 5/25/2021. Mr. Petrick next discussed pavement repairs completed along Anchor Way, Starfish Way, and the boat launch ramp. The repairs were made using gravel and temporary patch materials until more permanent repairs could be completed. As of May 1<sup>st</sup>, the RV parks had been reopened to short term stays again, and the front office on Citizens Dock Road had also reopened to the public. Restrooms at B dock, E dock, and the launch ramp were open to the public during daylight hours and signage had been placed at the South Beach restroom and the restroom next to the Harbor Office to direct visitors to open restrooms. President Stone then opened up public comment on the agenda item. An individual identifying herself as Annie noted that weed wacking had been conducted in areas where a mower seemed more appropriate. CEO/Harbormaster Tim Petrick replied that weed wackers were used in some instances where mowers tended to be damaged by rocks along the grounds.

# (4C) Commissioner Reports.

# (a) Commissioner Shepherd: no report.

(b) <u>Commissioner Adams</u>: requested that more detailed information be provided from Alex Lemus regarding savings from the solar power installations. Commissioner Adams requested that monthly savings be totaled across the entire Harbor, instead of providing figures relating to net savings per kilowatt-hour for individual meters. Commissioner Adams suggested that hidden surveillance cameras might be useful to assist Harbor security, especially if multiple video feeds could be viewed from a smartphone application. This would essentially allow a security officer to be multiple places at once, by viewing video feeds on his or her phone.

(c) <u>Commissioner Weber</u>: reported that he had been actively meeting with members of the public and seeking opportunities for partnerships.

(d) Commissioner White: no report.

(e) <u>President Stone</u>: reported that the Harbor would be working with the County of Del Norte to set up temporary restrooms along South Beach and other areas for the 4<sup>th</sup> of July festivities. President Stone also noted that he had been continuing efforts with the Tri-Agency Economic Development Authority to negotiate favorable repayment terms for a loan with the USDA.

# 2) NEW BUSINESS

(2A) Discuss a proposal submitted by a landscaping company to maintain Harbor District grounds. Vote to either accept the submitted proposal or solicit additional proposals.

Interim CEO/Harbormaster Tim Petrick provided background and explained how he had reviewed the RFP with the contractor "R.A. Kirkland's Inc." during a pre-proposal meeting to ensure the contractor had a clear understanding of expectations. Subsequently, Mr. Petrick reviewed the submitted proposal, which included a bid price of \$70,000 for one year of service (equal to \$5,833/month). For comparison, Mr. Petrick explained that CCHD would otherwise spend approximately \$5,000/month on labor performed by CCHD maintenance staff, plus a significant amount in equipment costs. Even without calculating an exact amount for CCHD equipment costs, it was clear that the contractor's bid would result in substantial cost savings for the Harbor. Commissioner Adams expressed optimism that the contractor would help to beautify the Harbor in advance of the 4<sup>th</sup> of July festivities. Commissioner White moved to approve the proposal from R.A. Kirkland's Inc., conditioned upon the contractor meeting the insurance requirements specified by the Harbor, and also providing that the Harbor had a right to cancel the contract for non-performance. Commissioner Adams seconded the motion. President Stone then opened up public comment on the agenda item. No members of the public commented on the agenda item. President Stone then moved the discussion back to the Board.

> **POLLED VOTE** was called, <u>MOTION CARRIED</u>. *Ayes:* WEBER, WHITE, SHEPHERD, ADAMS, STONE / *Nays:* NONE *Absent:* NONE / *Abstain:* NONE

# (2B) Discuss access to Harbor District restrooms after hours.

Interim CEO/Harbormaster Tim Petrick provided background and explained that staff had researched options to provide public access to restrooms after hours. A logical option would be to use an electronic key fob operated system similar to that already in use for some gates within the Harbor. Commissioner Adams emphasized that it was important for the Harbor to provide a level of service that was equal to similar destinations visited by the public throughout the Pacific Coast. In that regard, it has become commonplace for marina tenants to have after-hours access to public restrooms. Commissioner Adams further suggested that a deposit could be collected to

ensure the return of key fobs or key cards. Alternatively, a lock with a programmable numbered key pad could be used. A key fob or card system is advantageous because fobs/cards can be easily disabled individually, without impacting access for other users. This would be important if an individual tenant failed to return the fob/card within the required timeframe. The Board expressed its consensus that a fob/card system was its preferred method of regulating bathroom access. The Board then directed Mr. Petrick to conduct further research to identify suitable solutions. The Board planned to consider one or more proposals at an upcoming meeting. President Stone then opened up public comment on the agenda item. No members of the public commented. President Stone then moved the discussion to the next agenda item.

## 3) UNFINISHED BUSINESS

## (3A) Solar PPA Update.

Interim CEO/Harbormaster Tim Petrick provided background and explained that some billing anomalies with Pacific Power were being investigated, specifically related to solar generation credits. In a related matter, Alex Lemus (CEO, Renewable Energy Capital) was preparing an application for the Harbor to receive a solar licensing incentive payment. Commissioner Shepherd emphasized that it was important for the Board to receive some detailed numbers regarding the cost savings achieved after implementing the solar power system. Mr. Petrick replied that those figures would be provided to the Board after addressing the billing anomalies. President Stone then opened up public comment on the agenda item. No members of the public commented on the agenda item. President Stone then moved the discussion to the next agenda item.

# (3B) Dredge Permit Update.

Interim CEO/Harbormaster Tim Petrick provided background and explained that he had been working with the U.S. Army Corps of Engineers, and also Planwest Partners, Inc., to identify any remaining obstacles to the issuance of a dredge permit. The primary obstacle appeared to be the identification of an acceptable disposal site for dredge tailings. The disposal site needed approval from the California Department of Fish and Wildlife, which had expressed reluctance to approve a northern offshore site. An alternative site near Whaler Island would only be acceptable for coarse grained tailings. Unfortunately, material along the seawall and inner boat basin was believed to be too fine grained for such a disposal site. Nonetheless, the Harbor would be conducting further testing to verify this. For smaller projects, it might be feasible to use an onshore disposal site. President Stone then opened up public comment on the agenda item. No members of the public commented on the agenda item. President Stone then moved the discussion to the next agenda item.

# (3C) Whaler Island Music Event Update

Commissioner Adams reported on discussions with Mike Schmidt, owner of House of Jambalaya restaurant, concerning a potential live music event. The size of the event had been scaled back from previous plans, and the proposal was now to hold the event in the field west of the House of Jambalaya restaurant. The event area would be fenced off, with approximately 10 security guards, portable restrooms, and volunteers available to pick up trash. Other food vendors would be invited to participate. Mr. Schmidt pledged that the event would not impose any additional workload on Harbor staff, and Mr. Schmidt would carry insurance for the event. The proposed date for the event was Friday July 2<sup>nd</sup>, 2021. President Stone then opened up public comment on the agenda item. Valerie Starkey, Supervisor for District 2 on the Del Norte County Board of Supervisors, expressed her support for the event. Ms. Starkey also remarked that Mr. Schmidt had a commendable record of community involvement. Another individual, identifying herself as Annie, provided public comment on the agenda item by raising concerns over the amount of parking available. Given the increased tourist traffic for the 4<sup>th</sup> of July weekend, parking was a serious concern. Commissioner Adams replied that some mitigation measures would be taken, including prohibiting people from parking parallel to the beach. Perpendicular parking would allow for more vehicles. Ted Long provided public comment and expressed support for the music event, citing the potential for the Crescent City Harbor to become more competitive with the Port of Brookings as a tourist destination. The Board expressed a consensus opinion that the music event would benefit the Harbor, and the Board encouraged Commissioners Adams and Weber to continue their efforts to bring the event to fruition. After making a final call for public comment and hearing none, President Stone then moved the discussion to the next agenda item.

# 4) COMMUNICATIONS AND REPORTS

# (4A) Financial Reports: Account Balances

President Stone invited questions or comments from the Board, and the Board expressed its satisfaction with the reports. President Stone then opened up public comment on the agenda item. No members of the public commented on the agenda item. President Stone then moved the discussion to the next agenda item.

# (4B) CEO/Harbormaster Report

Interim CEO/Harbormaster Tim Petrick reviewed briefing materials provided to the Board. Mr. Petrick noted that the Harbor's General Counsel was in the process of reviewing and revising the Harbor's Ordinance Code. Mr. Petrick also discussed how Pacific Power was making progress on electrical upgrades to lines and equipment in the area south of Fashion Blacksmith. The upgrade project was expected to be completed within a few weeks. Mr. Petrick next moved the discussion to a hagfish processor who was interested in establishing operations in the Harbor. Lease terms were under discussion, and a proposal would be brought to the Board at an upcoming meeting. Mr. Petrick next brought attention to a Farmer's Market event scheduled for Saturday, June 5<sup>th</sup>. Mr. Petrick then reported on a meeting with Call Nichols from the Shellfish Growers Climate

Coalition on the subject of potentially growing and selling local oysters in the Crescent City Harbor. Commissioner Shepherd noted that significant regulatory hurdles had discouraged earlier local efforts at oyster farming. Nonetheless, Commissioner Shepherd noted that someone experienced in the industry might have the knowledge and financial resources to get oyster farming up and running. Commissioner White asked whether there was still an effort to bring seaweed cultivation to the Harbor. Mr. Petrick replied that the effort had stalled because there didn't appear to be sufficient market demand to support additional suppliers.

## (4C) Commissioner Reports.

(a) Commissioner Shepherd: no report.

(b) <u>Commissioner Adams</u>: requested that an upcoming Board meeting include a detailed discussion of the Harbor's solar project for the benefit of new Commissioners such as himself and Commissioner Weber.

(c) <u>Commissioner Weber</u>: reported that he was eager to move forward on Harbor redevelopment efforts, which he expected to be well received by the public.

(d) Commissioner White: no report.

(e) <u>President Stone</u>: reported that he was continuing efforts with the Tri-Agency Economic Development Authority to negotiate favorable repayment terms for a loan with the USDA.

# **b.** CEO/Harbormaster Reports

Rich Salvaressa dropped a row of diseased trees near the House of Jambalaya and we accepted a quote from outdoor solutions to have the stumps ground this week to remove any tripping hazards left.

We have had some staff turnover over the last couple weeks at the RV Parks, security, and in the office. We have posted the positions for applications and have a plan to make sure we have coverage while we look for the right personnel. Also the maintenance position has been reposted as the candidate that we were working on bringing in didn't pan out.

Kirkland's team jumped straight into it, beginning work the next days after the PSA was signed. Between Kirkland, our own Maintenance Staff, and a concerted effort by our security staff in conjunction with the Sheriff to have destructive people removed from the property promptly, you can already see the improvements around the harbor.

The first Farmer's Market went very well. There was a bit of wind but there was wind everywhere. I've spoken with Angel about a few adjustments we could make. For the second one of the season we are trying out blocking 5-10 parking spaces at the top of A and B dock for slip renter parking.

We now have Crescent City Harbor District shirts, sweatshirts, and pullovers for sale in the gift shop! The gift shop will be open during all office hours and on Saturdays from 9-1. Come get your Harbor gear!

I've reached out to PND engineers again to see if they have a solution or a design change to alleviate our power problems on H dock. They are reviewing our as built diagrams and pictures of the problem to see if there is a product they use or a recommendation for repair and replacement.

Alex has also reached out to PND to discuss the permeable pavement design that he is looking into for the proposed Solar EV charging station along 101. The ideas are flowing and excitement is building!
